WHAT LOCAL BUSINESSES ARE SAYING

ST. DAVID'S HEALTHCARE

St. David's HealthCare was excited to host the **Workforce Solutions Summer Teacher Externship Program**. We recognize the impact teachers have on our future healthcare heroes, and we jumped at the opportunity to provide educators the opportunity to connect classroom education with industry partner opportunities.

The externship day at St. David's HealthCare features opportunities to learn about students in the pharmacy, laboratory, imaging services, surgical services, nurse externships, on-the-job training with StarTECH, "Stop The Bleed," and high-fidelity simulation and virtual reality to assist with training our healthcare team. These demonstrations provide essential skills and knowledge for the teachers to bring back to the classroom and optimize their guidance with student learning."

Q2

Q2 is grateful for the opportunity we had to connect with local educators through the Workforce Solutions Capital Area externship program.

Investing in education and workforce preparation is core to our mission of building strong and diverse communities, and we were truly impressed with the commitment and passion of the educators who were placed with Q2. We look forward to working with Workforce Solutions in the future, and partnering together with educators to prepare our future workforce to tackle the dynamic industry challenges of tomorrow.”

KIM RUTLEDGE

Chief People Officer

TESLA

**It was a great experience overall,
most importantly for the teachers.**

Tesla was thrilled to provide this opportunity to our local teachers and looks forward to continuing in this program. It's such a great resources for educators, students and the greater community where their schools are located."
